1 Aims

1.1 Woodford CE Primary School and Nursery is committed to safeguarding and promoting the welfare of all children. We recognise that children may face different forms of abuse and we work together to protect children from harm. As well as being abused by adults, children can be abused by other young people. This is known 'child on child abuse'. The school is committed to preventing child on child abuse and will protect children that may be suffering, or at risk of suffering harm perpetrated by another child. We recognise that child on child abuse is abuse and should never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up". We maintain an attitude of 'it could happen here' and act in the best interests of the child at all times.

2 Definitions

2.1 The following terms and associated definitions will be used throughout this policy.

- **'Staff' or 'members of staff'** refers to all teaching, non-teaching, support, supply, peripatetic, contract staff, governors, volunteers and trustees working in or on behalf of the school.
- **Child/children** refers to any young person under the age of 18
- **Safeguarding and promoting the welfare of children** is defined as; protecting children from maltreatment; preventing impairment of children's mental and physical health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes.¹
- **child on child abuse** refers to any scenario where a student abuses another student. It can take place online or offline. For the purposes of this policy, a child is anyone under the age of 18. Whilst the focus of the advice is on protecting and supporting children, schools and colleges should of course protect any adult students and engage with adult social care, support services and the police as required. The children involved do not have to be the same age and the perpetrator may be older or younger than the victim. child on child abuse could include (but is not limited to);
 - bullying (including cyberbullying);
 - prejudice-based and discriminatory bullying

¹ Keeping Children Safe in Education (2021)

- abuse in intimate personal relationships between children (also known as teenage relationship abuse)

- sexual violence, such as rape, assault by penetration and sexual assault;
- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse

(Part five of KCSIE 2023 sets out how schools and colleges should respond to reports of sexual violence and sexual harassment)

- consensual and non-consensual sharing of nude and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery)
- upskirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm;

The victims will be given as much control as is reasonably possible over decisions regarding how any investigation will be progressed and any support that they will be offered it is important to explain that the law is in place to protect children.
- the nature of the alleged incident(s), including: the level of coercion or threat, whether a crime may have been committed and consideration of harmful sexual behaviour;
- both the chronological and developmental ages of the children involved;
- any power imbalance between the children, including consideration of the age of children and whether children have special educational needs or disabilities;
- the impact on the victim;
- if the alleged incident is a one-off or a sustained pattern of abuse; and
